

MARSHAL JOB DUTIES

Marshal Job Duties:

You are the safety representatives of the meet and on deck.

Your presence on deck, and your attention to safety when directing swimmers to specific locations, ensures that the meet is well organized and the lane assignments are accurate.

Be on time for your assignment. Observe the deck and around the starting blocks.

Keep clear the areas where the swimmers need to organize themselves and walk. (in the gym and on deck)

Keep “non-swimming” swimmers and parents out of the timers view line especially for starts and finishes.

Is the deck safe—no running or horseplay that could cause injury?

Are there glass containers being used by anyone on deck? If so, have the containers removed.

Check locker rooms and bathrooms. Are they safe? Let the pool staff know about any supply problems you discover. Do you need more help? Ask the Office Coordinator, Board President, or Volunteer Coordinator for more support.
